To whom it may concern

As a new plotholder on the Tatnam Farm/Broadstone Allotments Sites, are you aware that we have a thriving Allotment Association which has been in existence since 1992 providing a service to Members such as discounts (up to 50%) on packeted seeds and 15% on plants, bulbs, onion sets, garden equipment, etc supplied by one of Britain's major seed companies. We also operate a small Allotment Shop (container) selling a variety of garden requisites from bamboo canes through slug pellets and bulk garden chemicals and bulk order seed potatoes, all at prices considerably below that of retail outlets.

Whilst you are under no obligation to join, gardening can be quite an expensive hobby and you would be unwise not to take advantage of the offers available through the Association at a current subscription of £3.00 a year or part thereof.

If interested, please complete the tear-off portion below and send it to the Secretary, Julia Palmer at the address shown above
